I, **Jane Doe**, swear or affirm that the following facts are true to the best of my knowledge:

1) There is no available drinking water in my community and everyone has to haul their water. The people who have been getting my water are saying that they will have to stop soon because they don't have room for their own water. If I have the boat I can get the water my children need.

2) Subsistence fishing is how my family eats in the winter. My husband took the net when he left and I know he won't use it to feed the family. I am the one who always does the fishing.
